

(To be sung by those auditioning for Sheriff.)

I Want It All

I'm a money grabber, biggest that you've seen
Just a real back stabber, that's really mean
Boys and girls start screaming, there's no time for doubt
With the pain and anger, can't see your way out
I'm a proper baddie, so do what I say
Gonna take all your money, so move out of my way

I want it all, I want it all, I want it all, and I want it now
I want it all, I want it all, I want it all, and I want it now
